Mamas Peri Peri Hot Sauce is a timeless Portuguese family recipe that originated on the coast of Southern Africa

## PERI PERI CHICKEN

This recipe is for (± 4 thighs, 6 drumsticks or 2 breasts) chicken pieces. Rub the chicken with your favorite dry seasoning. 2 tablespoons of Mamas Peri Peri Hot Sauce, more if needed. 1/4 cup of chopped fresh cilantro or parsley, a squeeze of half a lemon. Allow the chicken to marinate for 1-24 hours in the fridge.

On the BBQ, medium indirect heat, cook for 10 -15 minutes, turn and baste intermittently. Serve immediately on a warm bun with added Mamas Peri Peri Hot Sauce. Try the same recipe with kebabs.

## BEEF (PREGO ROLL) OR PORK (BIFANA)

Marinate 5-6 very thinly sliced pieces of pork loin or beef with your favorite rub as in the Chicken Peri Peri recipe for 1-24 hours. In a pan on medium heat make a sauce: 1 tbs olive oil, 1 tbs butter, 1 cup of white wine. 2 cloves of minced garlic, 3 tbsp Mamas Peri Peri Hot Sauce, Salt and pepper to taste, 1 Bay leaf. Reduce the sauce to a thicker consistency. On a BBQ is best, cook the meat. Serve immediately on a bun with the prepared sauce and more Mamas Peri Peri Hot Sauce as needed.
